Para outras cidades,consultar  
disponibilidade**

## DICAS VALIOSAS

- Porta laca não pode pegar sol e chuva
- Pedreiro não faz colocação de porta corretamente
- Porta colméia, é mais barata, porém é feita de papelão
- Não tire as medidas você mesmo, sempre da errado
- Porta camarão sempre da manutenção, prefira as de correr
- As portas são a última a serem colocadas em uma obra

# Forma de pagamento:

## **Entrada de 40% do valor para início da obra**

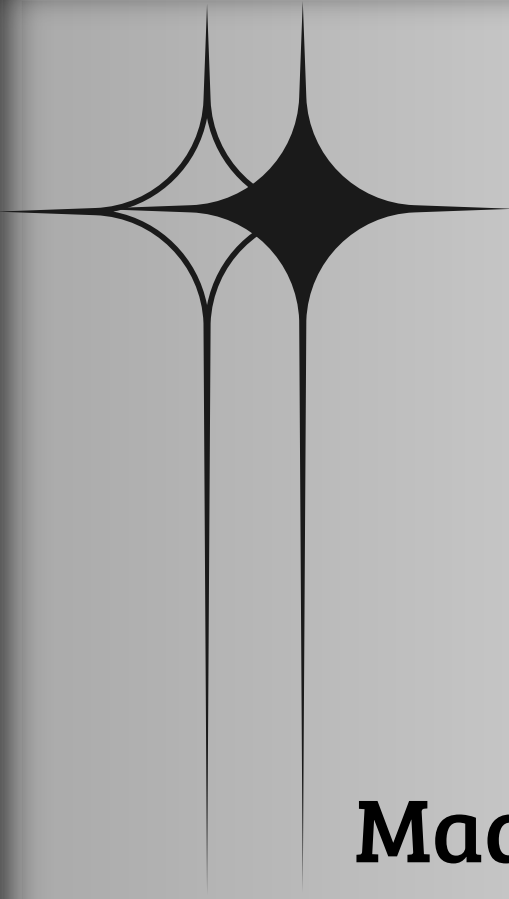

O restante na entrega, podendo ser feita por transferência bancária ou cartão de crédito em até 3x no cartão sem juros conforme combinado

Entrega da obra em até 40 dias a contar da data da entrada

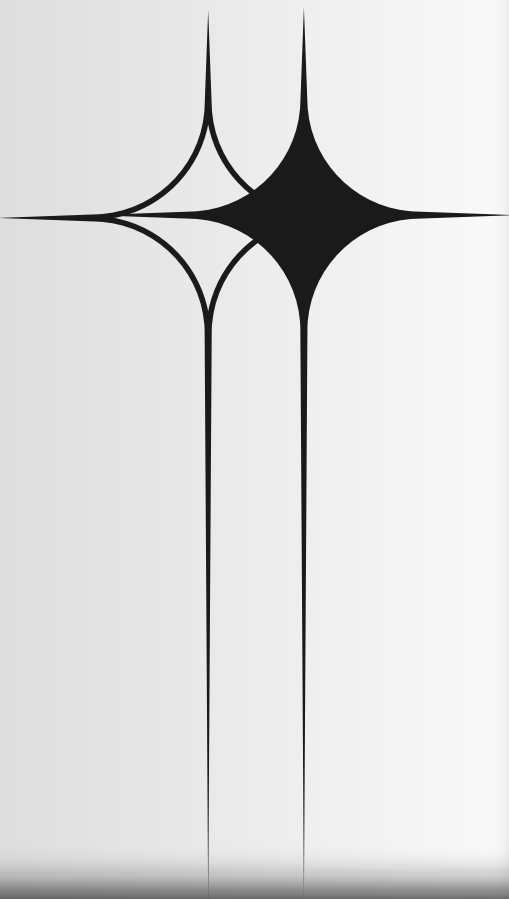

# Lambril

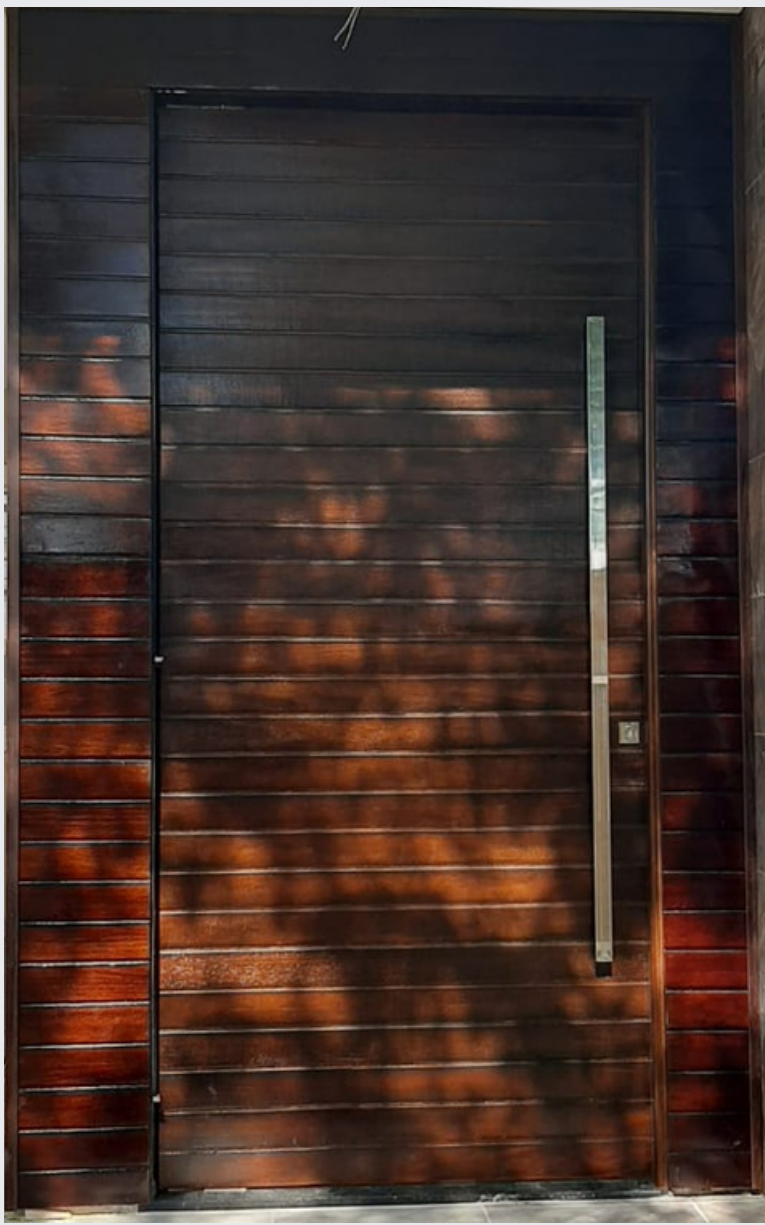

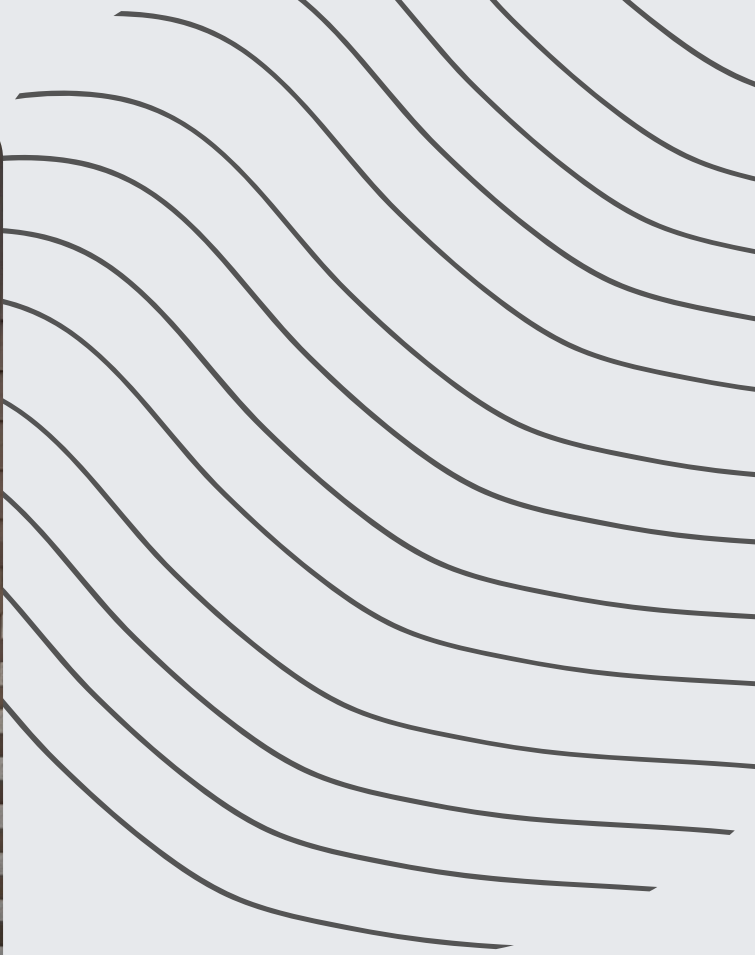

A decorative graphic element consisting of a black four-pointed starburst shape at the top, with two thin vertical lines extending downwards from its points.

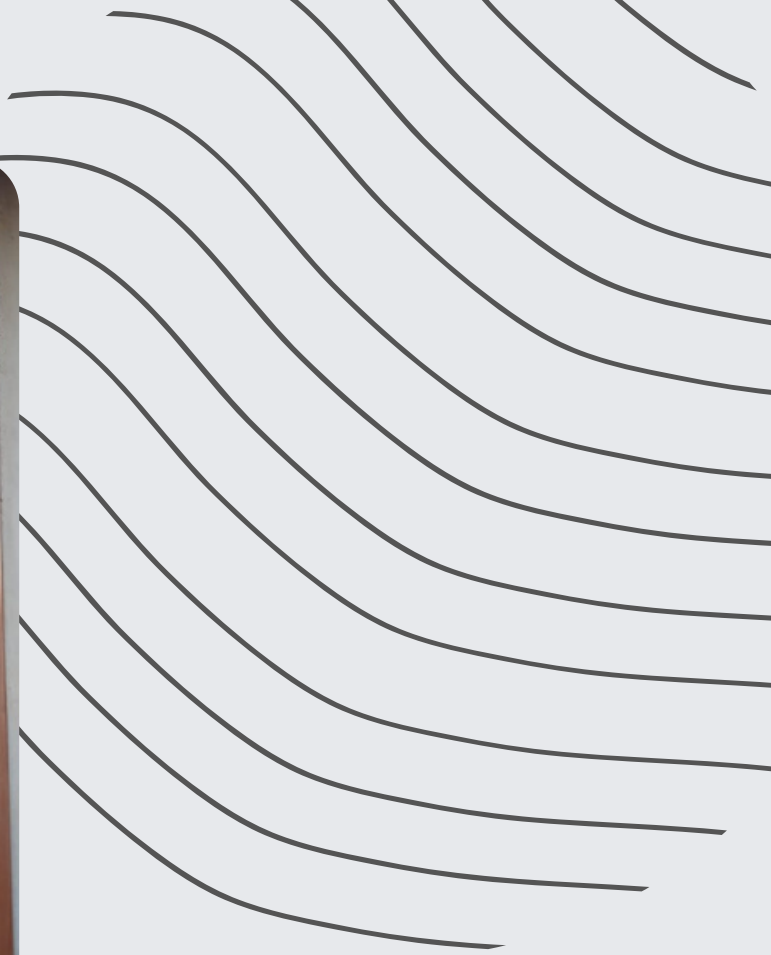

**Madeira maçaça  
feita no cedrinho  
É a campeã de venda  
Resistente  
São pivotante  
Moderna**

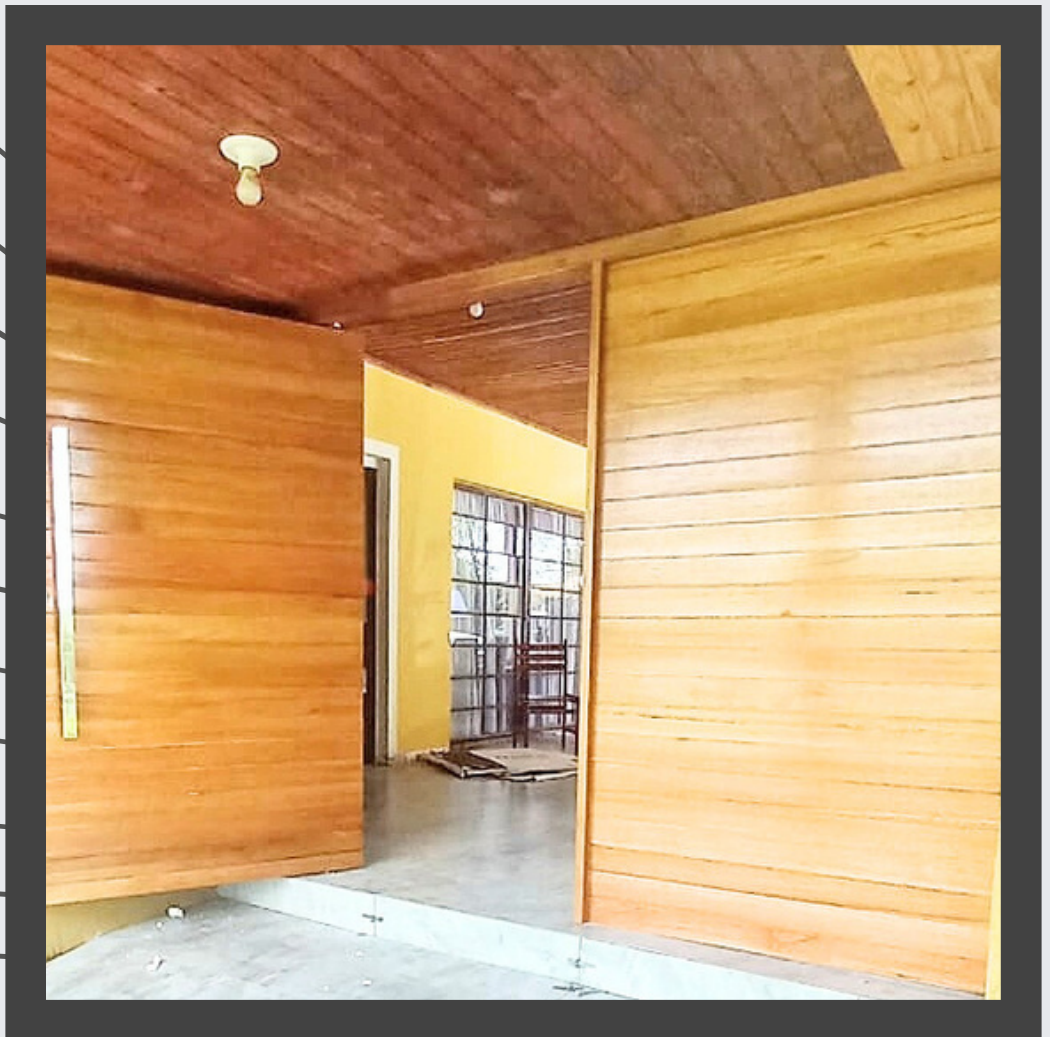

A decorative graphic element consisting of a black four-pointed starburst shape at the top, with two thin vertical lines extending downwards from its points.
